SUBJECT **Support for documentary project 'Jew'els of Spain'**

12 July 2013

Dear Mr Rodriguez Ponce de Leon,

It is with great interest that we have studied your project presentation for the Documentary TV Series on the 'Jew'els of Spain', following and narrating the impressive history and fate of the world's Sephardic community.

It seems to us both a monumental and worthwhile effort upon you are endeavouring there, trying to bring to the viewers' attention an important, yet too little widely-known, episode of world history.

We were particularly impressed by the intensity and projected quality of the effort you are displaying as the producer and director of this ambitious and important project. It is our opinion that the documentary has a potential to become an invaluable contribution to both academic research and quality journalism.

The German Consulate would like to express its appreciation for this project and uses the opportunity to wish you and your team of professionals and experts the best possible success for the process of its realisation.

Sincerely

Dirk Sander
Head of Culture and Press
